Whitemarsh Foundation is dedicated to the preservation, conservation and stewardship of the Whitemarsh Valley since 2001. The Foundation's most well-known and successful achievements to-date has been the preservation of the Angus and Sheep tracts of Erdenheim Farm, creation of the Dixon Meadow Preserve and the restoration of the Dixon Meadow House. The Preserve includes 14 acres of a living laboratory for the study of flora and fauna, ecological issues, sustainability and land stewardship. The house serves as the headquarters for the Foundation and hosts mission-appropriate educational programs throughout the year.

AWARENESS | ADVOCACY | ACCESS | EDUCATION

- Working with partners, over 450 acres preserved •
- Creation of a meadow preserve and learning center •
- Restoration of Historic Dixon Meadow House •

Please support the Dixon Meadow Preserve and Whitemarsh Foundation's educational efforts.
